FIX-030

Desktop Monitor Stand

Support Landscape/Portrait

Viewing Angle

VESA 75x75/100x100

Overview

The Desktop Monitor Stands FIX030 is compatible with VESA 75 or VESA 100 mounting patterns, the standard hole spacing used on most 15-21.5 inch displays. It offers adjustable tilt, swivel, and rotation, allowing you to position the tablet in portrait or landscape orientation and find the optimal viewing angle. The stand's heavy-duty, all-metal construction provides a stable and secure hold for your touchscreen computer. It features a sturdy clamping mechanism or grommet base for firm attachment to your desk or surface. Depending on the application field, different functional modules such as scanners or card readers can be added to form self-service terminals for exhibitions, checkout, or inquiries.

Supporting 15.6 - 21.5" Display screen

Option: Screen, Scanner, NFC
