Overview

The Infinitus Touchscreen Signage has just received a major upgrade, and it's a game-changer for businesses looking to enhance their customer experience in large format displays of 32" and 43". Featuring anti-glare touch glass, a fast and sensitive response and a sleek metal housing and bezel, it's perfect for applications like gaming tables, digital white boards and corporate signages. It can be installed in portrait, landscape or face-up orientation that offers exceptional color performance, high contrast and wide viewing angles. Plus, having a standard of 60950-1 ball drop proof testing standard makes it a durable large format display. The 32-inch has Bonded Panel technology.
