Overview

Touchscreen Computer accessories Monitor Stands FIX-027 is compatible with the VESA75 or VESA100 mounting pattern on the back of your touchscreen computer. This is the standard hole spacing used on most 10-21.5 inch displays. It offers full tilt, which allows you to find the optimal viewing and touch interaction angle. The heavy-duty, all-metal construction is ideal for providing a stable, secure hold on the touchscreen computer. It has a sturdy clamping mechanism or grommet base to firmly attach to your desk or surface.
